DETAILED ACTION

Response to Amendment

1. This office action is responsive to the amendments filed on September 1 and October 16, 2009. As directed by the amendment: claims 1, 18, 27, 30, 33, 34, and 38 have been amended, claims 1-12 have been cancelled, and no new claims have been added. Thus, claims 13-38 are presently pending in this application.

Terminal Disclaimer

2. The terminal disclaimer filed on September 1, 2009 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US 6387078 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

3. Claims 13-38 are allowed over the prior art of record.
4. The following is an examiner's statement of reasons for allowance: the claims in this application have been allowed because the prior art of record fails to disclose either singly or in combination the claimed device.
5. The closest prior art of record is Crossman (US 5300030).
6. Regarding independent claims 1, 18, 27, and 33, Crossman fails to teach among all the limitations or render obvious a first spring acting on said coupling to urge said plunger in a first direction until said coupling contacts a surface, wherein said surface causes said second engaging member to move radially away from said plunger so that said first and second engaging members are released from one another; a surface

being defined in said housing to open said coupling to said open position from said closed position after said plunger forces said medicine from said first chamber through said needle; and a splitter formed on the housing distally to the spring-to-plunger coupling, the splitter having a surface for engaging and radially spreading the spring-to-plunger coupling and forcing the spring to plunger coupling to disengage from the plunger shaft.

7. Furthermore, regarding rejection of claims 26 and 32 under 35 U.S.C. 112, Applicant's arguments filed September 1, 2009 are found persuasive and those rejections are hereby withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
